PROFESSIONAL EXPERIENCE

University of Washington, Foster School of Business, *Seattle, WA; Jul 2015–Present*

WEB DEVELOPER, *Feb 2018–Present*
- Formalized and led development cycles, deployment schedules, and QA processes, thereby streamlining operations.
- Project managed hosting migration, which will enhance user experience by improving site reliability and reducing page latency.
- Front-end and back-end development of reusable web components and features, providing publishers with autonomy and end users with a more consistent experience.

USER INTERFACE DEVELOPER, *Jul 2015–Feb 2018*
- Project managed site redesign and created common web component library that marketers can use to create new, modular user experiences without development effort.
- Designed the MBA Rankings Calculator, allowing prospective MBA students to find their best-fit program. Page had 23K unique visitors from 90 countries (May 2016–June 2017). Received positive press from industry organizations (Poets & Quants, MetroMBA), and positive reception from business school deans across US.
- Redesigned Foster Blog, resulting in 46% increase of monthly pageviews (15K to 22K).
- Gave 3 community talks on accessibility, MBA Rankings Calculator, and site redesign (30-60 in-person attendees reached per talk).

Bit Bamboo, LLC, *Greater Seattle Area, WA; Jan 2018–Present*

WEB APPLICATION DEVELOPER
- (Part-time subcontractor) Front-end and back-end development.
- Three clients, spanning mental health, education, and forestry industries.
- Accessibility development. Improved user ability to navigate and use the application, through ARIA landmarks, labels, and announcements and visual enhancements.

University of Washington, Professional & Continuing Education, *Seattle, WA; Sep–Dec 2017*

PYTHON TEACHING ASSISTANT
- Graded assignments, provided feedback, and served as a resource for 25 students.
- Improved student experience, through personal feedback videos about their work.

MikeBozee.com Design, *Remote; Jun 2013–Dec 2017*

WEB & GRAPHIC DESIGNER
- Designed and maintained client websites: athletics teams (client able to enhance sense of community), Korean academy (client able to make lesson material available online), and yoga instructor (obtained job due to site).

IVY Language Academy, *Sokcho, South Korea; Nov 2013–Apr 2015*

NATIVE ENGLISH TEACHER
- Conducted 6, 7-student classes per day, first grade through adult. Instructed students on pronunciation, speech, and vocab, allowing them to better connect with the world around them.

EDUCATION

University of Washington, *Seattle, WA; 2017*
CERTIFICATE IN PYTHON PROGRAMMING

North Central College, *Naperville, IL; 2010*
